

Pirate Sports Boosters present:

“Concussion and The Student Athlete”

Attention All SAD #4 Athletes, Parents of Athletes, Coaches and Teachers:

Please join us on Wednesday, February 1st at 6:30 PM in the PCSS cafeteria for an evening of sharing information about student athletes and concussions.

The medical community knows more than ever about the effects of blows to the head.

Dr. Skip MacDonald of Mayo Orthopaedics will be our guest presenter for the evening. Dr. MacDonald will share information about proper protocol in assessing head and brain trauma including:

- * what does the latest research tell us?
- * establishing baseline data
- *when to seek treatment
- * when is it safe to return to school and work?
- * when is it safe to return to athletic competition?

There will be time for questions and answers following Dr. MacDonald’s presentation.

Light refreshments will be served.
